INTRODUCTION AND GENERAL INDEX

HILL DIRECTORY COMPANY, publishers of Southeastern City Directories (publishers of the Asheville City Directory since 1899), presents to subscribers and the general public, this, the 1963 edition of the Asheville City Directory, which also includes Beverly Hills, Biltmore Forest (N. C.), Broadview Park, East Biltmore, Gentry Park, Lakeview Terrace, Linwood Park, Malvern Hills, Martel Mill Village, Morningside, Oakley, Oaklyn Park, Redwood Forest, Sayles Village, South Biltmore and Woodfin (N. C.).

Confidence in the growth of Asheville's industry, population and wealth, and in the advancement of its civic and social activities, will be maintained as sections of this Directory are consulted, for the Directory is a mirror truly reflecting Asheville to the world.

The enviable position occupied by HILL'S Directories in the estimation of the public, has been established by rendering the best in Directory service. With an unrivaled organization, and having had the courteous and hearty cooperation of the business and professional men and residents, the publishers feel that the result of their labors will meet with the approval of every user, and that the Asheville Directory will fulfill its mission as a source of authentic information pertaining to the community

Four Major Departments

The four major departments are arranged in the following order:-

I. THE BUYERS' GUIDE constitutes the first major department of the Directory, printed on yellow paper. In the first section of this department, grouped under appropriate headings, are included the advertisements and business cards of firms and individuals desiring to make a complete presentation of their products or services. Following this is the Classified Business section, which embraces a list of the names and addresses of all business and professional concerns of the community, arranged in alphabetical order under appropriate headings—a catalog of all the activities of the community. The Buyers' Guide represents reference advertising at its best, and merits the attention of all buyers and sellers seeking sources of supply or markets for goods. In a busy and diversified community like Asheville, the necessity of having this kind of information up-to-date and always immediately available, is obvious. The Directory is the common intermediary between buyer and seller, and plays an important role in the daily activities of the commercial, industrial and professional world.

II. THE ALPHABETICAL LIST OF NAMES of residents and business and professional concerns, is the second major department, printed on white paper. This is the only record in existence that aims to show the name, marital status, occupation and address of each adult resident of Asheville, and the name, official personnel, nature and address of each firm and corporation in the community.

III. THE DIRECTORY OF HOUSEHOLDERS, INCLUDING STREET AND AVENUE GUIDE is the third major department, printed on green paper. In this section the numbered streets are arranged in numerical order, followed by the named streets in alphabetical order; the numbers of the residences and business concerns are arranged in numerical order under the name of each street, and the names of the householders and concerns are placed opposite the numbers. The names of the intersecting streets appear at their respective crossing points on each street. Special features of this section are the designation of tenant-owned homes and the listing of telephone numbers.

IV. THE NUMERICAL TELEPHONE DIRECTORY is the fourth major department, printed on blue paper.

Community Publicity

The Directory reflects the achievements and ambitions of the community, depicting in unbiased terms what it has to offer as a place of residence, as a business location, as a resort, as a manufacturing site and as an educational center. To broadcast this information, the publishers have placed copies of

this issue of the Directory in Directory Libraries, where they are readily available for free public reference, and serve as perpetual and reliable advertisements of Asheville and vicinity.

The Asheville Out-of-Town City Directory Library

Through the courtesy of the publishers of the Asheville City Directory, a Directory Library is maintained in the offices of the Asheville Chamber of Commerce, for free reference by the general public. This is one of more than 1,000 Directory Libraries installed in cities and towns throughout the U. S., Canada and Puerto Rico by members of the Association of North American Directory publishers, under whose supervision the system is operated.

The publishers appreciatively acknowledge the recognition by those progressive business and professional men who have demonstrated their confidence in the City Directory as an advertising medium, with assurance that it will bring a commensurate return.

Population

Asheville is the county seat of Buncombe County, and one of the principal resort centers of the eastern U. S. The city proper has a population of 60,192. The population of Buncombe County of which Asheville is the County seat, is 130,074 (1960 U. S. Census figures).

History

Asheville was founded in 1797 by John Burton, and was known for about three years of its early history as Morristown. The name was later changed to Asheville, in honor of Samuel and John Ashe, noted men of that period.

The city has long been a resort center, the first resort hotel having been constructed near the Sulphur Springs in the western part of the city, west of the French Broad River. Later the tourist traffic increased and other resort hotels were built including the old Battery Park Hotel on the site now occupied by the modern structure. Other hotels have been constructed with the growth of tourist trade, through expansion of transportation facilities, including railways and highways into the highlands. Industry and agriculture also have developed in the mountain section, to the point that Asheville has become a marketing and shopping center for 20 counties of western North Carolina.

Government

Buncombe County is governed by a board of three commissioners. Asheville has the council-manager form of government, which includes a mayor and six other councilmen and a city manager. The two governmental bodies are housed in the handsome City and County buildings which flank the central city plaza. The city has one of the lowest fire records of any city of its size in the country, due to an efficient fire department, and the police department is highly effective with the aid of radio, cooperation with state and county law-enforcement officers and by means of the police cruiser system. Three police radio stations are located here, one atop the Buncombe County Building, a State police radio station, on the Black Mountain highway and the City and Fire Station in the Municipal Building.

Tourist Attractions

Scenic and other attractions of Asheville and Western North Carolina are always of paramount interest to visitors. The historic Dogwood Trail, a scenic self-guided city tour, is open year round to the public. The famous Biltmore House and Gardens, located in the midst of the 15,000-acre Biltmore Estate in Asheville, have been open to the public view since 1930. The noted mansion, adjudged one of the finest private homes in the world, was constructed nearly half a century ago by the late George W. Vanderbilt. The house, built after the architectural pattern of the French chateaux, contains a vast collection of objects of artistic and historic value, gathered at great cost by Mr. Vanderbilt in all parts of the world. Notable among the priceless treasures on display are the chessmen of Napoleon, the ceremonial robes of Cardinal Richelieu, ancient tapestries which graced the tent of Francis I at the Field of the Cloth of Gold, and a myriad of other rare and precious objects.

Surrounding the House, the vast expanse of gardens and landscaped park presents a great mass of flowers and superbly designed vistas to the beholder throughout the spring, summer and autumn seasons.

In Riverside Cemetery are located the tombs of the famous writer, O. Henry and Zebulon Vance, the Civil War Governor of North Carolina, and the now famous marker erected to the memory of 18 German sailors by members of the Rockwell-Balleau Post of the American Legion. This is the only monument ever erected by American Soldiers to the memory of their foreign foes.

Also in Asheville, in the city of his birth, is the tomb of the late Thomas Wolfe, internationally-known author of "Look Homeward, Angel," "Of Time and the River," "The Web and the Rock," and "You Can't Go Home Again." He spent most of his childhood at his mother's boarding house, the "Old Kentucky Home," at 48 Spruce St. This house is known to millions of American readers as "Dixieland," the boarding house operated by Eliza Gant in Wolfe's first novel, "Look Homeward, Angel." It is maintained by the City of Asheville and is operated by the City Parks and Recreation Department, and is open to the public during May through October. It contains the furnishings of the days when the author resided there.

Richmond Hill, home of the late Richmond Pearson (minister to Persia and Greece), is open to the public. It is filled with rare treasures collected from all over the world.

The famous Craggy Rhododendron Gardens, located on the crest of the Great Craggy Mountains near Asheville, are one of the noted scenic attractions of the region near the city. The gardens, which present the massed bloom of millions of purple rhododendron shrubs in June, are reached by means of a link of the famous Blue Ridge Parkway, and are the objective for many visitors in Asheville during the bloom of the flowers, which is generally around the middle of June, depending on the season.

In the surrounding highland region, the beauty of the Sapphire Country, Chimney Rock and Lake Lure, the Blowing Rock, Little Switzerland, Linville

and Grandfather Mountain sections, the Tryon resort region, and the sections near Hendersonville, Waynesville, Brevard, Highlands, "The Land of the Waterfalls" and Whiteside Mountain are of interest to visitors.

Mount Mitchell, highest mountain in eastern America (altitude 6,684 feet), and Mount Pisgah (5,749 feet) in the Pisgah National Forest, may be traveled by the motorist.

The Great Smoky Mountains National Park

Asheville is the eastern gateway city to the Great Smoky Mountains National Park, one of the nation's most popular playgrounds. This great scenic region with its majestic peaks and deep valleys, its vast expanse of virgin forests, its clear trout streams and tumbling waterfalls, is a center of interest for visitors. 4,762,108 visitors entered this park in 1961. Excellent highways connect Asheville with the Great Smokies, and on the eastern approach to the park is located the 57,000-acre reservation of the Eastern Band of Cherokee Indians. Here live 4,000 Indians, occupying their ancient hunting grounds and pursuing their ancient crafts and customs under supervision of the Government.

The Blue Ridge Parkway

Through western North Carolina the "Blue Ridge Parkway" is nearing completion, connecting the Shenandoah National Park in Virginia with the Great Smoky Mountains National Park in North Carolina and Tennessee. This great touring route, along the summits of highest of the Appalachian peaks, is the most scenic motor-way in America, covering a distance of approximately 500 miles, with an average elevation of 3,000 feet above sea level. 6,047,562 persons traveled the parkway during 1961.

Sports

Asheville and Western North Carolina comprise a region which is a paradise for outdoorsmen. In Asheville, five golf courses, adjudged among the finest in the South, offer bent grass greens and fairways to the golfer. These are the courses of the Country Club of Asheville, Inc., the Biltmore Forest Country Club, the Beaver Lake Golf Club, Brookwood Golf Club and the Municipal Golf Links. Over a score of excellent courses are to be found in the resort centers of the highlands.

Tennis courts, swimming pools and other recreational facilities are provided in Asheville. The City Recreation Park, with its zoo, skating rink, and its amusement devices, is a center of attraction during the summer months.

More than 35 artificial lakes, located in all parts of the "Land of the Sky," provide opportunities for boating, sailing and fishing. Through the mountains many hundreds of miles of trails are open to the hiker and horsemen. Streams of the region are well stocked in most cases with brook and rainbow trout, and the five game preserves in the western North Carolina region provide good hunting for deer in the surrounding terrain during the open hunting seasons. Bear, Russian wild boar, grouse, rabbits and other small game also are plentiful in most of the mountain regions, and during the open season. Nimrods from practically every state in the Union come to this section. For many years, deer, bear and boar hunts have been held in the Pisgah and Nantahala National Game Preserves.

Horseback-riding along the many enticing mountain trails is one of the favorite recreations among visitors. Horse shows at Black Mountain, Canton, Tryon, Blowing Rock, Hendersonville, Waynesville and Linville each year are events of great interest to followers of equestrian activities.

In the mountain region near Asheville are located nearly 50 camps for boys and girls, which operate during the summer months and provide excellent summer recreational programs for thousands of boys and girls of school age.

In Western North Carolina also are located the great religious assemblies, sites for summer recreation and conferences for the members of a number of denominations. These include the Baptist Assembly at Ridgecrest; the Presbyterian Assembly at Montreat; the Y. M. C. A. Assembly at Blue Ridge; the Methodist Assembly at Lake Junaluska; the Assembly of the Associated Reformed Presbyterian Church at Bon Clarken near Hendersonville; the Episcopal Assembly at Lake Kanuga near Hendersonville; the Ben Lippen Bible Conference, Route 4, Asheville; the Lutheridge Assembly at Arden; Christmount (Christian) and Cragmont (Free Will Baptist) at Black Mountain; Eliada Home, an Interdenominational Conference Center, Route 4, Asheville; and Our Lady of the Hills Camp, near Hendersonville, operated by the Catholic Diocese of Raleigh.

Climate and Health

A climate, which combines cool, exhilarating summers and mild winters, a large percentage of sunny days, mountain-protection from severe storms and a dry atmosphere, has long been a principal attraction of Asheville and the western portion of North Carolina. The health-giving qualities of this climate have

been a factor in luring here numerous health-seekers in search of surcease from many different afflictions. Many well-equipped hospitals are located in and near Asheville. Most notable among these are the U. S. Veterans Hospital at Oteen, just east of the city limits. The North Carolina State Tuberculosis Hospital is located near Black Mountain, 15 miles east of Asheville.

Mineral Resources

A variety of valuable mineral deposits are present in the Asheville area—mica, vermiculite, feldspar, talc, kaolin, quartz, granite, marble, copper and iron of proven quantity exist in this region. Asheville is a mineral resources center, having a mineral laboratory operated by the N. C. State College of Agriculture and Engineering of the University of N. C., in cooperation with the T. V. A. and the U. S. Bureau of Mines. More varieties of precious and semi-precious gems are found in this region than in any other area the same size in the United States. The Burnham S. Colburn Memorial Mineral Museum is located at 170 Coxe Avenue. It is open to the public daily, free of charge, from 2 to 5 P. M. and from 9 A. M. to 12:00 Noon and also 2 to 5 P. M. on Wednesday and Saturday. The Museum is closed all day on Monday.

Asheville Civic Auditorium

Agriculture

Asheville is a large poultry, dairy and livestock center, over 570 dairies sell to Asheville milk plants. Two livestock auction markets with weekly sales. Large local production of broilers and hatching eggs. Eleven tobacco warehouses in Asheville with \$6,500,000 in tobacco sales annually.

The Agricultural Council of the Asheville Chamber of Commerce is located on the fourth floor of the City Building.

Shopping Center

Due to its large trade area and the many hundreds of thousands of visitors touring Western North Carolina at all seasons of the year, the city has become one of the finest high-class shopping centers in the south.

Water Supply

Asheville's water supply is of the purest. The water, coming from the summits of the high peaks, is noted for its soft quality and its lack of impurities. The city water system is one of the few large gravity systems in existence, and Buncombe County is one of the few counties in the U. S. providing water by means of mains along most highways in the county.

Fuel Oil

Kerosene

A central black rectangular graphic with white text and illustrations. On the left, two cartoon boys wearing hats and carrying baskets labeled "COAL" and "KIDS" are walking. On the right, two cartoon boys carrying baskets labeled "FUEL" and "OIL" are walking. The text "C.C.R." is in large, bold, sans-serif letters. To its right, "COAL CO." is in a similar font, with "Inc." in a smaller, cursive font below it. Below "C.C.R.", a tilted rectangular box contains the text "ALpine" and "2-7321". To the right of this box, the text "COAL • KEROSENE" is in a bold, sans-serif font, followed by "Fuel OIL" in a cursive font, and "FAIRVIEW ROAD" in a bold, sans-serif font at the bottom.

CASHIERS! TELLERS! — CLERKS! —

Do your employers furnish you with
the latest edition of the City Directory?

You need it at your elbow at all times, to protect your company from forgers and bad-check artists. A few questions, checked against City Directory information, will trip them at once. Intelligent use of the City Directory for this purpose has saved thousands of dollars and helped make some cities "too sharp" for bad-check "operators."

SHOWING carefully selected American crafts as well as other distinctive gifts. You are cordially invited to visit us.

THE SPINNING WHEEL, located five miles from heart of Asheville, opposite Biltmore Forest — U.S. 25 South — 1096 Hendersonville Road. Specializing in American Crafts — traditional and modern. In a log cabin over a century old are tastefully shown only the best of the Native crafts. Here, too, may be seen the carefully selected work of outstanding individual AMERICAN craftsmen. A cordial welcome is extended to all visitors.

CAUTION

Pay no money in advance to itinerant Directory Canvassers. We are led to mention this from the fact that certain parties have been fraudulently using our publications as specimens, and by that means collecting money in advance. Before signing an order, see that it has the name of the publisher of this City Directory printed thereon. We ask no payment until the work is delivered, and our solicitors have strict orders not to take advance payment for either advertising or subscriptions.

A STATEMENT OF ADVERTISING PRINCIPLES

1. **GOOD ADVERTISING**—aims to inform the consumer and help him to buy more intelligently.
2. **GOOD ADVERTISING**—tells the truth, avoiding misstatement of facts as well as possible deception through implication or omission. It makes no claims which cannot be met in full and without further qualification. It uses only testimonials of competent witnesses.
3. **GOOD ADVERTISING**—conforms to the generally accepted standards of good taste. It seeks public acceptance on the basis of the merits of the product or service advertised rather than by the disparagement of competing goods. It tries to avoid practices that are offensive or annoying.
4. **GOOD ADVERTISING**—recognizes both its economic responsibility to help reduce distribution costs and its social responsibility in serving the public interest.

Features and Departments of a City Directory

Your new, improved City Directory is the most complete and comprehensive catalog ever published of the inhabitants, business concerns and institutions of your city. It is much more than just an alphabetical list of names and addresses.

Your City Directory Contains:

- 1** An *Alphabetical* list of names and addresses of every resident, business concern and institution, plus wife's name and if a widow the deceased husband's initial, and the occupations of all. Principal officers or owners and a description of businesses are included as well.
- 2** A *Householders' Directory* including a Street and Avenue Guide. This section lists every street and where intersecting streets appear. It lists numerically every location on each street, naming the householder or business at each number and whether the person is a homeowner or renter and if he has a telephone. Similar information is provided on office and public buildings and their occupants.
- 3** A *Classified Business Directory*—listing every business, classified as to type, and showing names and addresses. It also lists every profession, club, society and association, hospital and cemetery, labor organization, library, park and playground and school.
- 4** A "Yellow Section" or *Buyers' Guide*, where the advertiser may explain in greater detail the services or products he has to offer.
- 5** A *Statistical and Historical Story* of your city; plus miscellaneous other information.

CAUTION

Pay no money in advance to itinerant Directory Canvassers. We are led to mention this from the fact that certain parties have been fraudulently using our publications as specimens, and by that means collecting money in advance. Before signing an order, see that it has the name of the publisher of this City Directory printed thereon. We ask no payment until the work is delivered, and our solicitors have strict orders not to take advance payment for either advertising or subscriptions.

Do your employers
furnish you with the
latest edition of the
City Directory

?

You need it at your elbow at all times, to protect your company from forgers and bad-check artists. A few questions, checked against City Directory information, will trip them at once. Intelligent use of the City Directory for this purpose has saved thousands of dollars and helped make some cities "too sharp" for bad-check "operators."

Out of Sight!

Out of Mind!

Out of Business!

The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised.

The City Directory is the natural medium for keeping a business or product name in the spotlight. Insist on being well represented in its pages.

EXPLANATION

Wives names are listed with husbands, the name of the wife is shown in parenthesis following the husband's as follows: Gregory Richd M (Mary L).

In case of a widow by death, wherever possible the name of the deceased husband is shown in parenthesis as follows: Gregory Mary L (wid Richd M).

The occupation and place of employment is listed as follows: Gregory Richd M (Mary L) slsmn Starr Clothing Co.

Names in **heavy type** denote advertisers in this City Directory.

Ownership or co-ownership of a firm is indicated by

showing the individual's name in parenthesis following the firm name, as follows: Carson Grocery Co (Geo B and Paul N Carson).

A firm name enclosed by parenthesis indicates ownership or co-ownership by the individual whose name precedes, as follows: Carson Geo B (Carson Grocery Co).

The head of the house is indicated by h preceding the street address; other members of the family and roomers are indicated by r preceding the street address.

The word street is not used in addresses. Where a designation av, cir, ter, etc., does not appear, the designation st is understood.
